The reason(s) of recommendation and the merit(s) of the book :

Rebecca Bloomwood is a journalist. She spends her working life telling others how to manage their money. She spends her leisure time... shopping. Retail therapy is the answer to all her problems. She knows she should stop, but she can't. The stories she concocts become more and more fantastic as she tries to untangle her increasingly dire financial difficulties. Her only comfort is to buy herself something –just a little something... It is a simple and hilarious story that makes you cry with laughter!
