The reason(s) of recommendation and the merit(s) of the book :

How can a fussy rich duke be satisfied with the job done by a giraffe, a pelican, a monkey and a little boy? In fact, this very rich duke was even more gratified when they helped him catch a burglar in the end. The writer, Roald Dahl, made this happen and created a remarkable adventure for his readers. Being a famous children's writer, he can let his readers' imagination go wild. Read this book and give it a try! It's easy to read and there are lots of drawings to help you understand the story better.

If you want to read an interesting short story, try this one because you can finish it within one hour!
